

# Questions and Answers

With Ralph from Heptio

Who am I?

# Session Layout

The following topics are the main ones that we see

- Cloud
- Baremetal
- Storage
- Networking
- etcD
- IP address management
- Container Network Interface
- Container Runtime Interface
- High Availability
- Bootstrap
- Kubernetes

# Where your infrastructure is

Cloud

Bare Metal

# Hardware

Storage

Physical Networking

# Container Interfaces

Container Runtime (CRI)

Container Networking (CNI)

# State and Connectivity

Taken from <https://github.com/coreos/etcd>

IP Address Management

# Cluster Configuration

Bootstrap

High Availability

# Kubernetes
